Loose Leaf Teas

English Breakfast

Clean and rich with hints of malt, perfect with or without milk.

Earl Grey

Delicate yet full-bodied, bergamot and blue malva flowers provide an innovative twist to the traditional flavour.

Green Leaf

A smooth, subtle flavour with wonderful nutty aromas and an apricot finish.

Peppy Mint

Fresh, smooth, naturally caffeine free peppermint tea. It has fantastic digestive health properties, it is also a refreshing & cooling tea, just perfect for any season

Mojitea

The Mojito; the tippie of choice for Caribbean island folk, but we do it with tea instead - the top tippie of English island folk! Our Mojitea is just as refreshing but without the rum or the calories!

Citrus Chamomile

Delightful flavours of lemongrass and lemon verbena provide a delicate citrus delight.

Decaffeinated Ceylon

Bright red in colour with a rich, smooth taste and nutty character.

Darjeeling

Musky-sweet taste similar to a Muscat wine with delicate fruity and citrus flavours.

China Rose Petal

A light floral taste with a slightly tangy flavour.

Assam

Strong, rich and full-bodied with subtle notes of spice and sweet honey.

Eight Secrets of the Far East

Green Tea blended with Jasmine flowers, mango and lychee for an exotic, indulgent tea.

Fruit Salad

No not the healthy 'dessert', the glorious childhood penny sweet! Still a much-loved classic, still wrapped in the iconic orange and pink striped wrapper and still paired with those dastardly Black Jacks (who ever liked those!?) Fruit Salad chews really were the best!
