

# FREDRICK'S

HOTEL RESTAURANT SPA

## Jo & Barry 13<sup>th</sup> June 2015

I've never written a review before but I had such an amazing experience at Fredrick's I feel the need to.

Even before we booked our wedding I found Alix (the wedding planner at Fredrick's) to be so professional and helpful, this continued all the way up until our wedding day. On the day I had every confidence Alix had planned to perfection. The food was amazing, the staff were so helpful and also very professional, many of my guests have also commented on this since. I chose Fredrick's as for me it isn't a 'generic wedding venue' it has character and charm.

We had a fantastic day - thank you to Alix and the staff at Fredrick's for all you did to make this our perfect day. We will be returning for the odd night away.
