I had my wedding last weekend at bray church and to follow we stayed at the gorgeous Fredrick's hotel Restaurant Spa .I had a wedding co-ordinator (Alix) who was amazing she dealt with everything and made my weekend less stressful and assisted with everything that needed doing. The food was great all my guest enjoyed it and made a point of saying so! The staff were very friendly with a can do anything attitude! We also stayed the night in the hotel rooms were lovely. If I had a choice to make my day again I would defiantly choose Fredrick's for this stress free friendly management with excellent customer service with the best quality food! Thank you Fredrick's and Alix the day was amazing from start to finish I can't fault you!
