

# FREDRICK'S

HOTEL RESTAURANT SPA

## Lara & Barry 22<sup>nd</sup> August 2014

We had our reception at Fredrick's on the 22nd August 2014, ours was a very small wedding reception. Despite our small party Alix was brilliant with arranging even the smallest details right up until the night before the wedding. She had some great ideas and really helped us to organise a beautiful reception for us and our guests. We were made to feel that we were the most important wedding that was being organised at all times. The function room looked fabulous, I gave Alix my decorations and theme and let her deal with the artistic side of things and I was not disappointed. The food was incredible and even dietary requirements were met for my guests that had specific needs. Overall, we had a fantastic day that we will always remember. The gardens at Fredrick's are beautiful, the staff are great and the spa was wonderful. We thoroughly recommend Fredrick's to anyone planning a wedding, however large or small.
