

FREDRICK'S

HOTEL RESTAURANT SPA

31st May 2014

Alix and her staff made our day superb and everything went off without a hitch. We couldn't have asked for a more attentive group of staff. Our wish was their command. Alix stayed with us until the wedding breakfast to ensure everything ran smoothly, even then she was contactable by phone. It was a privilege to be able to have the first outside ceremony under the arbour at Fredrick's. It was touch and go during the morning but by the time I came out of the Spa and swimming pool the sun was out and drying the grass, a little cloud during the ceremony but that kept it cool. The whole day had a relaxed feeling to it and there wasn't any added stresses. Once again thanks Alix and your team.
