HOTEL RESTAURANT SPA

Greg & Kathy  
30<sup>th</sup> August 2014

Our wedding at Fredricks was just perfect from start to finish.....we stayed the night before and therefore were able take full advantage of the spa which helped to relax me !!. The big day arrived and had an absolutely gorgeous brekkie....Chilled a bit then got into my wedding gear...guests arrived and I was able to have a drink to settle my nerves ....The room were the ceremony took place was just beautiful...we had 50 odd guests to the day and it was a perfect size.....even the registrars were having a good time...After we said I do we went into the gardens for pics.The sun was shining and the gardens were alive with colour...everyone sipping down champers and just being happy...While all this was happening the staff were turning the ceremony room around for the wedding breakfast....All the timings were going to plan thanks to all the staff...and i must say ..as we walked in to the room to a mighty cheer..the place had been transformed into this absolutely stunning venue...It was incredible...words really cannot describe it. Ok..the food...10 out of 10..and all the guests thought so too..Prior to our wedding we were able to sample there wedding menu which was great...the wine...we even sampled that prior...again 10 out of 10...and if you wanted a beer...it was brought to your table....Right...after all that we again left the room and mingled.. evening guessed arrived....and magically the room turned around again and late into the night we had the best party ever...a bit of a knees up....Bespoke food in the evening..bacon and sausage rolls and a cheese board...loads of it....Our wedding was on the 30th Aug 2014 and we are still buzzing..It was just so perfect thanks to Alix and her team at the hotel..They made our life just so easy.I just cant fault anything...so got engaged there..got married there and we will be back....This place is a gem.....Thank you Fredricks....just one word now.....OUTSTANDING !!!!!
