HOTEL RESTAURANT SPA

I have no hesitation in recommending Fredrick's Hotel & Spa as a wedding Venue, Not only is the venue reasonable priced but it's absolutely stunning. We organised our wedding with the help of Alix in 3 months and nothing from the hotel side of things was stressful at all, Alix went out of her way to make our day truly special. The whole event from start to finish was perfect and we couldn't have wished for a more amazing day. We received nothing but compliments regarding our choice of wedding venue and the food, which I have to say was delicious. Thank you Alix and all the Fredrick's team for all your help and hard-work.
