

# FREDRICK'S

HOTEL RESTAURANT SPA

## Kate & Warren 6<sup>th</sup> June 2015

Alix was the reason we booked our wedding and reception at Fredricks Hotel. She was the first wedding coordinator we met and none of the other we visited lived up to the first impression Alix has given us. She completely understood what we were trying to achieve at our wedding and was helpful when we were putting ideas forward as to whether or not things were possible. When it came to the day you only saw Alix was on hand when we needed something and was happy to help throughout the day.

Alix is friendly and understands what is important to a couple planning their wedding. She understands that you aren't really sure what is what when it comes to wedding and even the most frivolous aren't a problem, even if you've asked it a million times! She was helpful throughout the entire process and was a constant professional.
